WORK EXPERIENCE

Senior React Developer / Scrum Master Sillo / AlmaMedia

09/2022 - Present Sofia, Bulgaria
Outstaff company. Real Estate Platform for Finish/Sweden market with 500k+ users.

Achievements/Tasks

- Accomplished project refactoring with FSA which improved velocity by 20%-25%.
- Performed Dependencies optimisations which reduced bundle size by 16%.
- Designed CLI cross-projects tool to speed up types generations. This was also a bottleneck, so the team velocity has grown.
- Set up BDD principles on the project which reduced bugs by about 30%.

Senior React Developer / Scrum Expert SoftServe / Inditex

08/2021 - 09/2022 Dnipro, Ukraine
Outsourcing company. Corporate Traceability app for clothing production chain.

Achievements/Tasks

- Optimized client-server communication using a smart caching approach, resulting in infrastructure savings of up to \$7,000 monthly.
- Initiated behaviour driven development for unit testing which increased test coverage from 35% to 95% for 8 month.
- Created performance optimisation practices which helped to improve user satisfaction and interaction.

Software Developer / Team Lead SoftServe / Bazaarvoice

11/2014 - 08/2021 Dnipro, Ukraine
Outsourcing company. Social Media, Customer Success and E-Commerce platforms

Achievements/Tasks

- On-Call 24/7 infrastructure monitoring, prevention core system breakdown
- Onboarding & mentoring of 10+ developers
- Developer a few API micro services
- Managed DevOps, BE and FE aspects on a project
- Transition of the project to another team
- Created a few internal npm packages for handy work with Instagram API
